

PURONICS® Terminator®

The Next Generation of Ionics Solutions

Why tolerate your water problems? Terminate them.

The Puronics® Terminator® IQ Series water conditioner is the intelligent solution to supplying high quality water in a cost efficient manner. Whether you're on vacation or have a house full of guests, the Terminator® effectively monitors your water usage, so it knows how much you've used and exactly when it needs to regenerate. Both the conditioner and its high density impact resistant brine tank are guaranteed by a limited lifetime warranty. Even consumers with the most challenging water supplies depend on Puronics® to meet their needs with the highest quality water and most efficient performance available.

Hair and skin are soft and silky

Food tastes better

Dishes are cleaner

Better tasting beverages

Metered Regeneration Control

- ▶ Provides up to 40% savings on salt and reduces water usage
- ▶ Automatically meters changes in water usage, initiating regeneration cycle only when media is near exhaustion

Lead-Free Brass Control Valve

- ▶ Durable, corrosion resistant construction guarantees years of trouble-free operation
- ▶ 1" control for higher flow rates
- ▶ Downflow brining system ensures minimum water usage and efficient salt dosage

Stainless Steel Tank

- ▶ Food grade 316L stainless steel provides a sanitary non-permeable surface for processing your water
- ▶ The only stainless steel tank certified to NSF standards in the water treatment industry

Bacteriostat

- ▶ Silver Bacteriostat is impregnated into HYgene® media to inhibit bacteria growth within the filter media bed

Refiner

- ▶ HYgene® media reduces objectionable chlorine and chloramine tastes and odors

Conditioner

- ▶ High-Capacity S-759 monospheric resin has uniform sized beads for higher flow rates and efficiencies
- ▶ Reduces iron and turbidity and removes hardness

Clarifier

- ▶ Silica gravel polishes water to a sparkling clarity

HYgene® Bacteriostatic Filter Media - NASA's Technology at work in your home

HYgene Filter Media

- ▶ Incorporates technology used aboard the NASA Space Shuttle Orbiters
- ▶ Silver impregnated activated carbon inhibits growth of bacteria within the filter media bed while refining your water

Your Authorized Independent Dealer:

Contaminants or other substances which can be removed by the Puronics® Terminator® system are not necessarily in your water. Operational maintenance and replacement requirements are essential for the product to perform as advertised. Actual savings achieved are dependent on your particular spending habits and usage levels.
